## Intro

Spring into action and send your child on a hoppy birthday bonanza at Sky High!

What's better than a beaming smile of joy from your bundle of love on their special day? *Actually enjoying the moment with them!* Capture the memories, or better yet...join in on the fun!

When you walk through our doors, you won't have to worry about a lick of the party process. Head to the party station for express check-in and let us take it from there! A Sky High party host will run the entire show, from setup to cleaning. They handle everything so you can soak up the special day in its entirety!

Your child and all their friends will enjoy a party *leaps and bounds* above the average backyard bash. They'll hop, bop, bounce and Sky High into the air, then return to earth, welcomed by mouthwatering hot pizza and an ice-cold bottle of water to wash it all down. If your loveable little leaper and their pals are under eight years old, they can explore Sky High Adventure Land for free!

Whether you bring a pack of pioneers or teenagers ready to show off their vertical madness, you'll never have to worry about losing your spot. Your table is reserved for the entire party.

Add on access to our arcade room, climbing walls, party room or private courts to take your celebration to the next level! You can order extra pizza, soda, goodie bags or balloons - even a second party host! We can provide any additional service or assistance that you may need.

To prepare for the festivities, we'll send a "My Sky High Birthday" pass for the birthday child and provide easily downloadable party invitations for all their friends. The birthday child will also receive a jump pass good for five sessions!

So stray from the norm. Take a different route to the birthday celebration this year.
